

# Invitation

## MyData Global community meetup in Turin, Italy on Apr 12-13, 2018

We chose [the Priority Actions](#) of the community last year in Aarhus, now it's time to go into details and make it happen.

How will MyData NGO look like? What concrete action steps can we take to empower the [existing 19 hubs](#) and growing network? How can MyData 2018 conference reinforce the activities of the network?

Join us in the Italian spring to find answer to those questions and more.

Official welcome for the MyData Global meeting starts on **Thursday, 12th April at 2PM**. On **Friday, 13th April**, we will workshop productively **until 4PM**.

See the full agenda and register now at:
