Total Average Grade (GPA): 7,23

The grading system is as follows: EXCELLENT from 10.00 to 8.51, VERY GOOD from 8.50 to 6.51, GOOD from 6.50 to 5.00, FAIL from 4.99 and below. The passing grade is 5.00 (five).

The column headed "CR" designates the ECTS credits that correspond to each course (subject).

Courses/subjects accompanied by the symbol (&) are not considered as prerequisites for obtaining the degree.

In order to receive a Ptychio (Bachelor of Science) from the Department of Informatics, students must be awarded at least 240 ECTS units, which correspond to approximately 36 courses, and document their foreign language proficiency. Course ECTS units are awarded if the student passes the course examination (administered by the department or another university through the ERASMUS program), or is duly exempted from the course requirement.

The minimum duration of the Programme is 8 semesters.

The above named person is currently enlisted as a student for the academic year 2024 - 2025 and has not yet satisfied the requirements for obtaining his Degree.

The Academic year starts on September 1st of each calendar year and finishes on August 31st of the following year.

This certificate is issued for any legal use (to whom it may concern).

Athens, 11/10/2024

ON BEHALF OF THE RECTOR,
THE DEPUTY SECRETARY OF THE DEPARTMENT

MARKOS GAD
